Installation manual

Universal 10.1inch Deckless Android (1028)

Are you ready to install our unit?

Let's go >>>

4 steps to install

STEP 01

Check

- 1) Do the screen is broken ?
- 2) Do the accessories have missing ?

STEP 02

Test your unit before a full installation.
(Connect the power cable to your car)

STEP 03

Do the full installation.

STEP 04

Test the head unit functions.

STEP 02

Test your unit before a full installation.
(Connect the power cable to your car)

After you remove the factory radio, you can take out the power cable to connect the head unit and casually connect the screen cable to the screen, then try to turn it on. If this part is no problem, you can do the remain steps.

STEP 03

Do the full installation.

1. Install the screen

- Push the screen into the unit with your hands like (2).
- Hold the clip of cable and lightly put one side to connect the plug of unit and then completely connect.

(Please keep the car engine turn off when you do this step)

STEP 04 Test the head unit functions.

(FM, SD, USB, Bluetooth, reversing, handbrake, headlight and etc)

3. Connect those wires provided in the package like (1) Power cable, (2) USB cable, (3) GPS antenna, (4) Wi-fi antenna and (6) External microphone etc.

4. Install the screen and plug the head unit into the center console, then place the GPS antenna and microphone as shown. The wires are hidden in the side of pillar trim and led to the head unit.
